

Rabbit antibody to SLC20A1

Code	OSS00291W
ID Tag	Rb1612-120910-WS
Unit_size	100 µl
Immunogen	A synthetic peptide from internal region of human Sodium-dependent phosphate transporter 1 (SLC20A1, GLVR1) conjugated to an immunogenic carrier protein was used as the antigen.
Host	NZ white rabbit
Purity	Whole serum
Clonality	Polyclonal
Applications	IHC, WB (confirmed by recombinant protein). A dilution of 1 : 300 to 1 : 2000 is recommended. The optimal dilution should be determined by the end user. Not yet tested in other applications.
Specificity	Specific for SLC20A1.
Spcs_X_react	Human. Other species not yet tested.
Format	Lyophilised
Reconstitution	Reconstitute in 100 µl of sterile water. Centrifuge to remove any insoluble material.
Preservatives	
Storage	Maintain the lyophilised/reconstituted antibodies frozen at -20°C for long term storage and refrigerated at 2-8°C for a shorter term. When reconstituting, glycerol (1:1) may be added for an additional stability. Avoid freeze and thaw cycles.
Expiry_Date	12 months after reconstitution
Limitation	For research use only
